

castus is a leading global supplier of transfer systems for the sterile and rapid loading and unloading of isolators. To strengthen our team, we are looking for an immediate

## Project Manager (m/f/d)

### **This will make you grow**

- Organizational management of national and international plant projects for the pharmaceutical industry
- Representation of the company to customers
- Preparation of quotations, project, cost, progress and risk controlling, reporting, scheduling and quality management

### **This will move us forward**

- Very high technical understanding in the field of plant engineering
- Excellent negotiating skills in price and contract negotiations, professional negotiation skills
- Knowledge of the relevant guidelines and regulations for pharmaceutical plants such as cGMP, clean room and containment requirements is an advantage
- Fluent in written and spoken English
- Ideally, professional experience as a project manager in the field of pharmaceutical plants
- Willingness to travel and openness to international cultural and business practices
- Flexibility and enjoyment of teamwork
- Ability to inspire employees
- Willingness to travel at home and abroad

### **That is why castus is a great place to work**

- You want to create, not just execute – at castus there is plenty of room for initiative, your ideas will be heard!
- You need security - we offer you a future – proof job after the probationary period!
- You are bored with a constant working day – here every day is different and challenges you anew!
- Bureaucracy slows you down – with us you have your own area of responsibility, we give you space for your personal development!
- You don't want to be a number – our team is looking forward to meeting you. Be a part of our family!

On the way top with castus!
