

castus is a leading global supplier of transfer systems for the sterile and rapid loading and unloading of isolators. To strengthen our team, we are looking for an immediate

Process engineer (m/f/d)

This will make you grow

- Independent and responsible supervision of projects in the field of pharmaceutical plants and equipment
- Contact person for our international customers and support in the preparation of quotations
- Process engineering dimensioning in close cooperation with sales and design department
- Organization of FAT & SAT, incl. GMP qualification (DQ, IQ, OQ)

This will move us forward

- Successfully completed university degree in engineering, ideally with a focus on process, chemical or mechanical engineering
- Ideally several years of professional experience in the field of pharmaceutical plant construction
- Knowledge of the relevant guidelines and regulations for pharmaceutical plants such as cGMP, clean room and containment requirements is an advantage
- Very careful, goal-oriented and team-oriented way of working with quick comprehension and a lot of initiative
- Very good knowledge of German and English
- Willingness for occasional home and abroad travels and openness to international cultural and business practices

That is why castus is a great place to work

- You want to create, not just execute – at castus there is plenty of room for initiative, your ideas will be heard!
- You need security - we offer you a future – proof job after the probationary period!
- You are bored with a constant working day – here every day is different and challenges you anew!
- Bureaucracy slows you down – with us you have your own area of responsibility, we give you space for your personal development!
- You don't want to be a number – our team is looking forward to meeting you. Be a part of our family!

On the way top with castus!

Are you looking for a new challenge?
Then send us your informative
application with your salary expectations
and earliest starting date.
