

The castus group is a leading global supplier of transfer systems for the sterile and fast loading and unloading of insulators and manufacturer of stopper and cap handling systems. To strengthen our team, we are hiring

Automation engineer / Automation technician (m/w/d)

This will make you grow

- Exciting international projects in special plant engineering for the pharmaceutical industry
- Partial project management in the development of a demo plant
- Independent planning of development projects and programming for trade fair products
- Support with IQ (Installation Qualification), OQ (Operational Qualification) and troubleshooting
- Troubleshooting for existing installations
- Document creation (URS, qualification documents, guide for customers)

This will move us forward

- You have completed a technical degree in automation, production engineering or similar; alternatively you have completed training as an automation technician
- You are familiar with these tools:
 - Programming languages: SCL, FBD (preferable, but not mandatory C++, HTML)
 - Interfaces/programs: TIA Portal, CoDeSysV2
 - Visualizations: Zenon, WinCC
- Structured and independent work is a matter of course for you.
- You communicate easily in English with our international customers.
- Ideally, you already have professional experience in the development of automated systems and drive technology (motion control applications) and can support our young team with your expertise.

That is why castus is a great place to work

- You want to create, not just execute – at castus there is plenty of room for initiative, your ideas will be heard!
- You need security - we offer you a future – proof job after the probationary period!
- You are bored with a constant working day – here every day is different and challenges you anew!
- Bureaucracy slows you down – with us you have your own area of responsibility, we give you space for your personal development!
- You don't want to be a number – our team is looking forward to meeting you. Be a part of our family!

On the way top with castus!

Are you looking for a new challenge?
Then send us your informative
application with your salary expectations
and earliest starting date.
