

# IT-Allrounder / Systemadministrator (m/f/d)

Join castus on the way to the top!

The castus group is a leading global supplier of transfer systems for the sterile and fast loading and unloading of insulators and manufacturer of stopper and cap handling systems. Around 70 brilliant minds already work for us – and now we are looking for you – a real IT powerhouse – who will hit the ground running, contribute ideas and drive our IT forward.

## Your Responsibilities – Where You'll Grow

- You will take responsibility for our entire IT infrastructure – from workstations to server rooms – and act as the point of contact for colleagues and external parties.
- You will administer and further develop our virtual server landscape and maintain Windows and Linux systems.
- You will set up workstations, networks and peripheral devices, maintain them and provide support.
- You will oversee user rights, group policies and security policies (e.g. Active Directory, M365).
- You will take care of data backup, backup strategies and IT security.
- You will work on IT projects such as migrations, automations and the digitalisation of internal processes.
- You will support colleagues in first and second level support. You will document IT structures and strive to improve them continuously.

## Your Profile – How You'll Move Us Forward

- You have completed training or a degree in IT or a comparable field and have relevant professional experience as an IT system administrator, IT specialist or similar.
- You have broad technical expertise (servers, clients, networks, virtualisation, IT security) and experience with Windows servers, Active Directory and Exchange/M365.
- You have basic knowledge of Linux, firewalls, VPN, backup and, if applicable, Docker/container technologies.
- You work in a process- and solution-oriented manner, as well as in a structured, reliable and highly proactive way.
- You have team spirit, enjoy communicating and have the will to get things done.

## Why castus is the Right Fit for You

- You want to create, not just execute: At castus your ideas count and you'll have the freedom to make a real impact.
- You need stability: We offer a secure and permanent position after the probation period.
- You thrive on variety: Every day is different here – your skills will be in constant demand.
- You value autonomy: We trust you with responsibility and give you room to grow personally and professionally.
- You want to belong: At castus, you're not just a number – you're a valued member of the team.

Ready to take the next step?  
We look forward to receiving your application!
